

# ALBUMS & BOOKS

IMAGINE HAVING YOUR FAVORITE PHOTOGRAPHS elegantly presented in a beautiful custom album or book. Our handcrafted albums and books become instant heirlooms you and your family can enjoy for years. It becomes **your story**, told through Art.

**Signature Albums** - Our Signature Albums offer a beautiful way to capture all the special moments and milestones in your life. Why not cherish these memories now and in the future, with a custom album that allows you to reflect on who you were at that moment? Our albums feature pages printed on professional luster photographic paper, mounted to a thick substrate, creating flat pages finished with a semi-gloss protection. The albums can hold 10 to 50 pages, and starting prices are listed below.

**Custom Books** - We create high-quality coffee table books that help you preserve and share your cherished memories. These books can be passed down to future generations without the worry of technology becoming obsolete. Our hardcover books are available in two styles: layflat pages, which provide a seamless and flat appearance when open, and magazine-style pages, which gently curve at the spine like a traditional hardcover book found in any bookstore. The pages are printed on premium press paper, and our books can contain between 20 to 100 pages. Below are the starting prices.

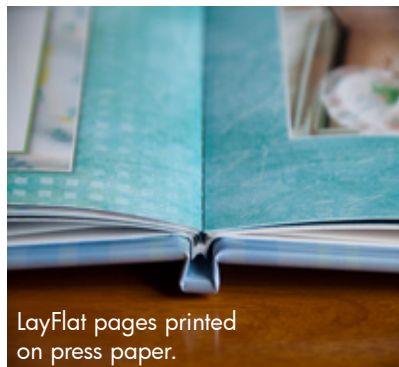

## Your Investment

SIGNATURE ALBUMS <i>include 20 Photographic Pages</i>		CUSTOM BOOKS <i>includes 20 Press Pages</i>
